Horizon Value™ is a participating whole life insurance product that is specially designed to produce early, fast-growing, guaranteed cash values. In many situations, by the fourth year the increase in cash value for the year will exceed the premiums paid in that year.

Horizon Value is available for ages 0-75, paid up at age 90 and matures at 121. Extremely versatile, it can be customized to fit specific needs with the addition of a variety of optional riders and benefits.

**Personal Uses include:** Mortgage protection and acceleration, educational funding, retirement income, income replacement, estate planning, gifting and more.

**Business Uses include:** Buy/sell funding, key person protection, executive bonus programs and deferred compensation.
